

Dear CT Hort. Society,

I wanted to write and thank you all for your generous support of my education. My time at Naugatuck Valley has been so fulfilling and I look forward to joining this amazing industry. Attending a meeting, listening to Eric Breed, meeting all of you wonderful people has only affirmed my love for horticulture. I am so grateful to be able to continue on in this industry and I look forward to seeing you all again!

With gratitude,

Jacklyn Stupieniski
